Brief description of Project The proposed project will restore the existing nature park for community and regional use. In August of 2002, the City was deeded a 14 ½ acre nature park from the Hellman Company which is adjacent to the San Gabriel River. Currently, it is an open space preserve used for recreational purposes and is in need of restoration of native planting, habitat and recreational trails. It can be directly connected to San Gabriel River Trail and City is requesting funds for the restoration of the park for community and regional use. Costs include the design, permitting, construction and inspection.
